MAKER *in* the MILL.

Nestled on a sleepy Dutch riverbank, this lovingly refurbished former watermill is decorated with handmade jewelry, created by designer Kristin Aron using local reclaimed timber.

MY FAVORITE THINGS

The bed frame is the heart of our house. It's special because we have been in it since the 1970s. It's made of solid oak and we don't think we'll ever replace it. The bed frame was made for us by a carpenter who lived in the same house as we do. We've had it for 40 years and it's still going strong. I love my wooden bed frame, which I inherited from a partner who is no longer. It's made of solid oak and it's still going strong. The frame of the bed is made of solid oak and it's still going strong. I can't see it with my eyes, but I think it's really beautiful.
